

SonagaraTM
BRASS INDUSTRIES

AN ISO 9001:2015 CERTIFIED COMPANY

- MANUFACTURERS & EXPORTER OF -
BRASS PRECISION TURNED COMPONENTS &
SCREW, FASTENERS, PRESS, NUT, BOLT, INSERT, RIVET
AND ELECTRICAL WIRING ACCESSORIES AS PER DRAWING & SAMPLES

SONAGARA BRASS INDUSTRIES is a leading manufacturer of Brass Precision Turned Components & Electrical assemblies. Our Brass Products Suits or all industrial Sectors like Electrical & Electronics, Plastic Moulding Industry, Telecommunication, construction & industrial Applications,

Being an ISO 9001:2015 Certified company & in The Field Of Manufacturing activities since 26 Years, we compete us to stay contemporary by systemizing advance technologies, enhancing TQS & arranging learning opportunities for all employees by training policy followed by health & environmental policies. Our honorable clients are based in Uk, USA, Europe and Middle East.

Write us : today to get your supportive business solutions

BRASS PLASTIC MOULDING INSERT

Our All Brass Moulding Inserts, Brass Knurled Inserts, Brass Threaded Inserts, Brass PPR & CPVC Inserts, Brass Insert for Plastic, Brass Insert for Wood & Clipboard, Ultrasonic range of Brass Insert, Heat-bit range Brass Inserts, Press-in Inserts with & without Collar, Self Tapping Brass Inserts

KNURLING AVAILABLE

- Diamond
- Straight
- Unidirectional

KNURLING INSERTS

- Round Knurled Inserts
- Hexagonal Inserts
- Square Inserts

MATERIAL

- Free Cutting Brass IS 319 Type (I)
- Free Cutting Brass BS 249 Type (I) or Higher Grade
- Any Material Composition as per customer requirement

CORE FEATURES OF BRASS INSERT

- Thread as per International GO & NOGO Standards.
- Deeply Groove for Maximum Pull Out Resistance
- Inner Diameter (I/D) after Threads with very close tolerance to prevent from unnecessary flush to enter into the inserts
- Both blind & through inserts are available with no minimum qty

FINISHING & COATING

- Natural
- Nickle Plated
- Electro – Tinned
- Any Type Of Coating as per customer specification

We Offers a Range bar turned / machined / stamped Fasteners All our Fasteners Confirm to International Specifications and have a very high thread quality. 'Go' and 'Not go' thread gauges are maintained throughout production and after plating. We cater to various industries like Heating, Switches, Application, Furniture, Automobile, Transformers, Pumps, Motors, Marine, Telecommunication , Petrochemicals, Control Panels etc.

BRASS SCREW NUT BOLT RIVET & FASTENERS

LENGTH / OD / SIZE

- Begins from M2 or comparable threads & up to any size as per customer design

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- SS, MS, Aluminium or any other cooper alloy material composition as per customer requirement

THREAD

- ISO Metric (MM Thread)
- BA Thread
- BSW Thread
- UNC & UNF Thread
- Any Thread as per Customer requirement

FINISHING & COATING

- Brass Plated
- Nickle Plated
- Silver Plated
- Any type of coating as per customer requirement

BRASS PANEL BOARD & POWER DISTRIBUTION PARTS

Our Brass Components Panel Board & Power Distribution parts of a standard type widely used for mounting circuit breakers and Joining industrial control equipment inside equipment racks. We serve components required for Electrical terminals in Brass as well as Other Metals

NUTS

- Acorn Dome Nut
- Wing Nut
- Flanged Nut
- Lock Nut
- Square Nut
- Castle Nut
- Collar nut
- Plain Nut
- Wheel Nut
- Slotted Nut

LENGTH / OD / SIZE

- Begins from M2 or comparable threads & up to any size as per customer design

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- SS, MS, Aluminium or any other cooper alloy material composition as per customer requirement

THREAD

- ISO Metric (MM Thread)
- BA Thread
- BSW Thread
- UNC & UNF Thread
- Any Thread as per Customer requirement

FINISHING & COATING

- Brass Plated
- Nickle Plated
- Silver Plated
- Any type of coating as per customer requirement

Our All Brass Screw & Bolt Confirm to International Specifications and have a very high thread quality. 'Go' and 'Not go' thread gauges are maintained throughout production and after plating.

SCREWS

- Grub Screw
- Phillips Head Screw
- Pan Head Screw
- Knurled Screw
- Hex Set Screw
- CSK Screw
- Raised CSK Screw
- Wood Screw
- Combination Head Screw

LENGTH / OD / SIZE

- Begins from M2 or comparable threads & up to any size as per customer design

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade

BRASS SPACER & STANDOFF SCREW

THREAD

- ISO Metric (MM Thread)
- BA Thread
- BSW Thread
- UNC & UNF Thread
- Any Thread as per Customer requirement

FINISHING & COATING

- Brass Plated
- Nickle Plated
- Silver Plated
- Any type of coating as per customer requirement

BRASS ELECTRICAL PLUG PIN & SOCKET PARTS

We manufacture complete range of Brass Plug Pins and Sockets.

- Neutral Pins and Sockets
- Earth Pins and Sockets
- Phase Pins and Sockets

SPECIFICATION

- IS 1367
- BS 3692

MATERIAL

- Free cutting brass 319 type BS 249 type.
- Any special brass material composition as per customers requirement.

LENGTH / OD / SIZE

- As per Custom Designs or requirements

PLATING & FINISHING

- Natural, Nickel, Tin, Gold, Silver or any coating as per specification.
- We also undertake development of neutral pins and sockets, earth pins and sockets, phase pins and sockets according to customized drawings and samples.

BRASS ELECTRICAL ENERGY METER PARTS

Our All Brass Terminals & Sealing Screw And Insert Are used mostly in Metering Industries. For Power Supply & Components Joining, Single Phase & three phase energy meters Variety of terminals can be produced as per customer's design & Sample

LENGTH / OD / SIZE

- Begins from M2 or comparable threads & up to any size as per customer design

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- SS, MS, Aluminium or any other cooper alloy material composition as per customer requirement

THREAD

- ISO Metric (MM Thread)
- BA Thread
- BSW Thread
- UNC & UNF Thread
- Any Thread as per Customer requirement

FINISHING & COATING

- Brass Plated
- Nickle Plated
- Silver Plated
- Any type of coating as per customer requirement

BRASS HRC & FUSE FITTINGS PARTS

We manufacture this from special grade of brass to withstand the conductivity required for HRC fuse Components connectors and HRC Fuse links are mainly used in Electrical Power Supply & Power Cut, Power Control With Ceramic And Plastic cases Assembly to withstand the conductivity.

RANGE

- 10Amp to 150 Amps

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade cooper alloy material composition as per customer requirement

FINISHING & COATING

- Brass Plated
- Nickle Plated
- Silver Plated
- Any type of coating as per customer requirement

BRASS PRECISION TURNED COMPONENTS

High Quality Customized Turned Parts with great precision & Accuracy can be made very effectively by our CNC Auto Machines in Metals like Brass, Stainless steel, Mild Steel and Aluminium

THREADS

- ISO Metric (MM Thread)
- BA, BSW (Inches), UNC, UNF etc
- Any thread as per customer specification

MATERIAL

- Free Cutting Brass IS 319 Type (I) or BS 249 Type (I) or High Grade
- SS, MS, Aluminium or any other cooper alloy material composition as per customer requirement

FEATURES OF TURNED PARTS

- Thread as Per Go & Not Go Gauge Standard.
- Any Kind of component can be made as per Customer's Specifications.
- Any Component can be Manufactured Precisely from 10 to 15 Micron & provide High Quality Surface Cleaning.

FINISHING & COATING

- Natural Clean
- Nickel Plated
- Silver Plated
- Tin Plated
- Any Type Of Coating As Per Customer Specification

Sonagara Brass Industries is equipped with a well established infrastructure which is regarded as the main strength of our company. Working hard for a period of over two decades, we have successfully built up a strong base upon which our company is enjoying stability and rapid growth catering to the needs of our clients with the best products and services in the industry.

QUALITY ASSURANCE

Our Products are Highly Appreciated for its superior quality, durability and are available in various dimensions as per the specifications of our clients. they are available in customized forms based on client request. we supply our product to our clients without any defects. our products are widely used in numerous applications in automotive industries.

OUR PRODUCTS

- Brass Screw
- Brass Element Screw
- Brass Sealing Screw
- Brass Spence Insert
- Brass Knob With Grub Screw
- Brass Molding Insert
- Brass Grub Screw
- Brass Insert
- Brass Male & Female Insert
- Brass Insulator Insert
- Brass Bush
- Brass Plastic Moulding Insert
- Brass Screw Nut Bolt Rivet & Fasteners
- Brass Precision Turned Components
- Brass Terminal
- Brass Auto Part
- Brass Auto Insert
- Brass Transformers Parts
- Brass Spring Holder Pin
- Brass Head Screw
- Brass Rivet
- Brass Plug Holder Screw
- Brass PCB Terminal
- Brass Pan Tape Insert
- Brass Nozzle Pin
- Brass Panel Board & Power Distribution Parts
- Brass Spacer & Standoff Screw
- Brass Molding Stud
- Brass Lock Nut
- Brass Lighting Bush
- Brass Led Holder
- Brass Screw
- Brass Knurling Insert
- Brass Fuse Holder Socket
- Brass Clamping Ring
- Brass Components
- Brass Electrical Plug Pin & Socket Parts
- Brass Electrical Energy Meter Parts
- Brass HRC & Fuse Fittings Parts
